1. A FREE NO OBLIGATION CONSULTATION (\$95 value). A One-on-One, 45 minute evaluation with the therapist.
2. A FREE COPY of "THE TRINITY: The Prescription for Permanent Weight Loss", Dr. Ramsey's book on improving your health and fitness. (\$40 value).

For more information go to www.hersheyrehab.com

These Seminars will Be Helpful for You if You Have:

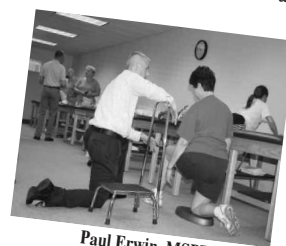

1. Back or Neck Pain
2. Degenerative Disc Disease
3. Herniated Discs
4. Sciatica
5. Stenosis
6. Pinched Nerves
7. Joint Stiffness or Weakness
8. Joint Pain (Shoulder, Hip, Knee, etc.), Arthritis
9. Difficulty Walking

Why consider Hershey Orthopedic & Spine Rehab for my problem?

- Most injuries and pain stem from a mechanical problem that medications, injections, and surgery alone will not fully correct.
- Our therapists are experts in the diagnosis and treatment of mechanical and movement dysfunction. Many times patients decrease or stop medication use, and avoid surgery.
- We are direct access qualified, meaning a physician referral is not needed.
- Appointments available within 24-48 hours.
- We provide personal care with a "hands-on" approach.
- We provide top notch post-surgical rehab and vestibular programs (dizziness and balance problems).

Scott Ramsey, DPT, Co-owner

Paul Erwin, MSPT

Testimonials

"When I came here I had neck pain and migraines about 2 to 3 times per week for 10 years. My doctor had sent me to other places before with no success at all. After one week here, my migraines stopped and my neck pain was almost entirely gone. They have also taught me what I need to do to maintain this. I am very happy my doctor finally sent me here, and will recommend this place to my friends, and doctor." – Karen, Hershey

I love this place and would recommend it to anyone! The staff is awesome and helped me get back to myself fast. I've had the time I spent here! Thanks so much!" – Jen, Jonestown (Diagnosed with herniated disc and sciatica)

Insurance at Hershey Orthopedic & Spine Rehabilitation is covered by most insurances. Their physical therapists are Direct Access Licensed, meaning a physician referral is not required.
